ACKNOWLEDGEMENT OF FINANCIAL RESPONSIBILITY

Thank you for choosing Plastic Surgery & Dermatology of NYC, PLLC for your cosmetic, aesthetic and/or dermatologic needs. For your convenience, and to avoid any future misunderstandings, we would like to share the following policies with you so that you understand your responsibilities regarding our charges and fees for the services provided by each physician.

Dermatology charges for evaluation and maintenance visits are determined by the complexity of the medical decision making and time involved in your visit. Procedures and materials are charged in addition to the fees for the consultation. If you require an advance estimate of such fees, please ask before services are rendered.

Dr. Jody Levine does not currently participate with any health insurance plans. Our general policy is:

a. You are responsible for all charges.
b. Payment in full is expected before completion of treatment unless other arrangements have been mutually agreed upon prior to the visit.
c. For the convenience of our patients with medical insurance, we will be happy to complete your insurance claim forms as a courtesy to you for your direct reimbursement.
d. In cases where charges are to be pre-paid, this will be explained prior to provision of those services.
e. To obtain a cosmetic appointment for Sculptra, a deposit of half of the price of the treatment is required. The balance is due upon exiting the office. If you should need to cancel your appointment, the balance will be reimbursed, provided your cancellation is made with at least three (3) business days notice. Because the product must be prepared in advance, and quickly expires, cancellations after this time will forfeit the deposit.

Plastic surgery charges are determined by the particular surgery being performed as well as the patient's medical conditions and the doctor's determination of the procedure's complexity. The fees for each surgery will be explained by our business manager after your consultation with the doctor. The fee for your initial consultation is nonrefundable – however, it will be deducted from your surgical procedure, if performed within 4 months of your consultation.

Dr. Elie Levine currently participates with the following insurance plans: Aetna, Oxford/United Healthcare (Freedom Plan only), Cigna, and Empire Blue Cross/Blue Shield

a. To confirm that we accept your plan, please call our office, as your insurance carrier's list may be out of date.
b. Participation means that our office submits claims for each visit to your insurance carrier(s), and payment is calculated and provided by the insurance carrier. Patients are responsible for providing accurate personal and insurance information, photo identification, a valid insurance card, and all necessary referrals if required. Co-payments are collected at the time of service and you will be billed for any coinsurance and/or deductible balances.
c. If your insurance plan requires a referral, please bring the referral with you to your appointment. Please call the office to determine how the referral should be completed. Patients whose plans require a referral, and who come to their appointment without a valid or properly executed referral, will be offered the choice of rescheduling their appointment and paying a $50 no-referral fee, or signing an insurance waiver and being seen as scheduled.
d. If your insurance plan determines that any portion of our charges are cosmetic, not covered services, are applied to your annual deductible, or otherwise are your responsibility to pay for, we will issue you an invoice. Services known to be cosmetic will not be submitted to your insurance carrier, and payment is due at the time of service.
e. Known cosmetic procedures require payment at the time services are rendered. To secure a surgical date, a deposit is required and full payment is required two weeks before the surgery.

Cancellation Policy: The office has instituted a 24 hour cancellation policy. The fee is $50. This policy will apply to all patients. We schedule our appointments in a certain way to maximize the time spent with each patient. Unanticipated no-shows or cancellations leave large gaps in the doctors' schedules and also increases the wait time to get an appointment. Patients will be asked to leave a credit card number on file and will be charged for any cancellations received less than 24 hours in advance and for no shows. Patients without a current card on file will be billed and payments are due before subsequent visits. We hope it is clear that our intent is only to be able to give each patient the time and attention he/she deserves. Any questions can be directed to our Practice Manager.

Health Insurance Cards: Please bring your most current health insurance membership card to each and every appointment. Intentionally failing to notify us of changes to your insurance coverage may constitute fraud, and we may be obliged to report it. We will not engage in any fraudulent practices under any circumstances.

Health Insurance Plans: We do not know the details of every patient's plan, as we see many different plans every week. Although we will advise you whether we believe we participate with your insurance carrier, we are not responsible for any verbal assurances made to you regarding whether particular services rendered in this practice are covered by your plan. You and you alone are responsible to understand the provisions of your health insurance plan and coverage. We recommend contacting your carrier prior to receiving services in order to verify your financial responsibilities. Please bear in mind that, ultimately, carrier adjudications after the visits determine financial responsibilities.

Referrals: You are responsible to obtain all necessary referrals prior to your appointment, if required by your health plan. We will do our best to ensure you have one if you need one, but the ultimate responsibility is yours. If your plan requires a referral or authorization that you do not obtain, and your health plan refuses to pay for any claim for lack of a referral or authorization, you explicitly agree to be responsible for our charges for any affected visits, even if the provisions of your plan stipulate you otherwise wouldn't be (you are waiving that defense). If you come to an appointment that requires a referral and you do not have one, and you must reschedule, you may be charged a cancellation fee, as above.

Copayments: If your health plan has a copayment, if is your responsibility to pay it at the time of service, even if the amount it not printed on your insurance card. Please have your payment ready upon check-in. Please be aware that, should you not pay your copayment at the time of service, you will be responsible to pay an invoice fee of $20.

Health insurance non-payment: Services that have not been paid by your health insurance carrier within 60 days of claim submission will become your financial responsibility to pay in full. In cases of retroactive disenrollment you are responsible immediately upon notification to us by the carrier. This policy applies equally to in-network and out-of-network plans.

Collections: Patients will be invoiced through the mail for any balance due. After a grace period following the first invoice, a second final-notice invoice shall be sent. Should payment in full not be received promptly following the second invoice, your account may be sent to collections, and you agree to reimburse us the fees of any collection agency, which may be based on a percentage at a maximum of 30% of the debt, and all costs and expenses, including reasonable attorneys' fees, which we incur in such collection efforts. You may be dismissed as a patient by our practice for failure to meet your financial obligations.

Laboratory Fees: If you participate with a health insurance plan that requires you to have your laboratory specimens sent to a particular laboratory, and this office is informed, we will happily send your specimens to that laboratory, at your request, unless the doctor determines that another laboratory is preferred for medical reasons. However, regardless of which laboratory patient specimens are sent to for analysis, you are entirely responsible for all charges assessed by the laboratory, and shall handle financial matters directly with the laboratory.

I have read and understand the above. I fully understand and accept my financial responsibility for the charges I or my dependants may incur at this office.
